### Keywords

driver Treiber Codemeter Dongle access Zugriff new neu Runtime

### Symptom (public)

Since the beginning of the year 2016 there is only the new Codemeter generation available. It can be detected on its serial number on the USB connector. It has the following form "3-xxxxxxx".

To use these sticks you need to have Codemeter Runtime version 5.00 or higher installed.

It can be downloaded directly from the wibu homepage:  
[http://www.codemeter.de/downloads/files/cm6\\_40/win/CodeMeterRuntime.exe](http://www.codemeter.de/downloads/files/cm6_40/win/CodeMeterRuntime.exe)

### Problem (public)

Current versions of the Codemeter dongle does not work with old driver versions.

### Solution (public)

Please install the latest driver.
